Dysart Council Set Tentative Rate At 74 Mills at 1949 Budget Meeting

At a special budget meeting of the Dysart Council it was estimated that the mill rate for the coming year would be 74 mills, which rate is made up of General Levy, including County, 38 mills, Direct Relief 2½ mills, Public School 26 mills and High School 7½ mills. While this mill rate may be subject to minor change, it seems likely that the final rate will be close to that figure. Thus it seems that although the mill rate has been reduced slightly over 1948, with an increase of over \$200,000. in assessment, it seems likely that there will be little reduction in taxes this year.

Estimated revenues are as follows:

Licenses	\$ 265.00
Dog Licenses	850.00
Rents	50.00
Provincial Road subsidy	38,000.00
Grants in Aid (Relief)	1,800.00
Subsidy 1 mill	740.00
Property Sales	500.00
Tax arrears	3,500.00
Interest on Taxes	275.00
Post War Reserve	6,425.00
Sundry and surplus on hand	2,500.00
	\$54,905.00

Estimated Expenditures:	
Administration	\$10,715.00
Protection to Persons and Property	4,435.00
Public Works	51,500.00
Health and Sanitation	25.00
Charity and Welfare	1,085.00
Relief	3,650.00
County Rate	8,910.00
	\$80,320.00

It is estimated that the total levy taxable to the ratepayer will be approximately \$30,000.00.

In order that the ratepayer may be familiar with the allocation of his tax monies, a few of the more interesting expenditures are shown below:

Salaries for Administration including those of the office staff:	
Clerk and assessor	\$6,025.00
Road Superintendent	2,200.00
Constables Salary	1,750.00
Street Lighting	1,000.00
Fire Fighting	1,400.00

Out of a \$50,000.00 road by-law for maintenance of roads, sidewalks, etc., a total of \$20,000.00 will be spent on salaries for workmen and \$30,000.00 for material and machinery.

Hospitalization for Charity is estimated to cost \$600.00 and House of Refuge \$485.00.

Direct Relief is estimated to cost the Municipality \$3,500.00 and the County rate \$8,910.00.

On a motion by Bishop and Curry the wages of Councillors was set at \$5.00 per day and \$2.50 for half days or evening sessions. Mileage allowances for Councillor Sisson, of West Guilford was set at 10c per mile, and also that the Councillors be allowed the same rate of mileage for their cars when used for municipal purposes. The motion carried.

The assessor's salary was set at \$1,300.00 per annum and a mileage allowance of \$600.00 per year for the use of his car.

A discussion arose concerning the building of a sidewalk along the highway from Lakeshore Garage to the Railroad Crossing. It was agreed that such construction was very necessary, but because of the nature of the clay soil, it seemed unwise to consider laying permanent cement sidewalks. Reeve Earle also pointed out the necessity of a permanent sidewalk on the street on which is situated the Catholic Church. Consideration of sidewalks was deferred until another meeting.

The meeting adjourned.

MRS. DON JAMES HOST TO MINDEN RED CROSS

The regular meeting of the Minden Branch of the Red Cross Society was held at the home of Mrs. Don James on Thursday evening. There was an excellent attendance, all members of the executive were present.

Mr. Frank Welch, president of the Committee gave a very interesting report on behalf of the delegates to the annual Divisional Meeting which was held in Toronto recently.

A very fine report from the convenor of the Women's Committee was given. According to Mrs. Bud Noice's report much is being accomplished by the ladies in the village and area.

A lengthy discussion arose concerning the Swimming and Water Safety program. No definite plans were made, however the executive felt that next month would give them ample time in which to execute this splendid program.

The new heating pad which was purchased for the Loan Cupboard was on display at the meeting.

The members felt that this was a real contribution to the Cupboard.

Minutes and correspondence were read by the sect. Mrs. Bud Noice followed by the report from the treas. Mr. Walter Noice. Mr. Tom Brignall, chairman of the campaign fund told the members that he felt certain that Minden would go over its quota in the national appeal. The five hundred dollars which was to go to Headquarters was sent, he reported.

At the close of the meeting a delicious lunch was served by Mrs. James and an enjoyable social half hour was enjoyed by the members. The next meeting will be held on the 20th of May at the home of Dr. Agnes Jamieson's.

FALL FROM TRUCK PROVES PAINFUL

Orville Woods, of West Guilford, suffered a very painful injury on Sunday evening, when he fell from the platform of a moving truck. He struck his face on the gravel road and sustaining bad lacerations, and numerous brush burns of the face and hands. He was treated at the Haliburton Red Cross Hospital by Dr. L. H. Carroll, of Haliburton, and allowed to return to his home.

PROVINCIAL POLICE PERSONNEL CHANGED

Constable Milligan of the Minden Detachment of the Ontario Provincial Police, has announced a change in the personnel of the detachment. Constable Arthur Watson has been moved to District Headquarters at Belleville, and his place is taken by Constable Al. Edwards, formerly of the Peterborough Detachment.

Laverne Barry, of Eagle Lake, was cut on the foot by an axe while working for Lloyd Hobden on the Hydro Electric right-of-way. He had to be brought out from the camp on a sleigh and then by car to the Haliburton Red Cross Hospital. He was attended there by Dr. L. H. Carroll and allowed to return to his home.

Barbara Loucks Wins Public Speaking Contest

Barbara Loucks of Minden High School took top honours at the Public Speaking contest which was held in the Recreational Auditorium Friday evening. The subject of Barbara's address was North West Territories. The subject dealt with all aspects of this vast northern country of the Dominion. The speaker handled her topic very well. The delivery was excellent, and her enunciation was exceptional.

Mr. V. Fountain, who presented the awards complimented the young speaker and expressed his pleasure in bestowing the prize to such a worthy competitor.

The judges were Mrs. Bette Herhiley, Vincent Fountain and Clifford Booth. There were many good speakers and many fine topics that in making their choice the judges were obliged to give much consideration to everyone who took part in this interesting evening's performance.

Patricia Hone, who won the second prize delighted the audience with her topic which was entitled "Brazil as I have seen it". This young lady was able to draw from her personal experience in that country. This first hand information added colour to the subject.

Linda Hogg, winner of the third prize was also complimented. The subject of her speech was "Ontario, the Storehouse of Minerals".

Other competitors in the contest who were commended for their efforts were, John Irwin who chose as his subject, "Louis Pasteur", Craig Windsor who dealt with a topic entitled, "Pencilillin" and Phyllis Dawson who spoke about Chiropractics.

During the course of the evening the school children gave three pleasing musical selections. These were, "Billy Boy", "The Vesper" and "There's Music in the Air".

The awards were presented by the Minden Rotary Club who are to be commended for their promotion of such a worthwhile competition. The many people of Minden who attended expressed the keenest enjoyment of the oratorical contest.

Following is a list of all the contestants; every single one of them who received words of praise from the judges.

Gwen MacBrien - "The Congo Basin and Its Inhabitants"; Yvonne Duggan - "Canada's Coal"; Neil Russell - "Communism"; Ken Harrison - "Pioneer Trip to the Moon"; Barbara Loucks - "North West Territories"; Mary Misco - "Northern Ontario"; Verne Graham - "History of Minden"; Dave Leigh - "Hydro"; Craig Windsor - "Pencilillin"; Mary Stouffer - "The Peanut as Discovered by Geo. Washington Carver"; Phyllis Dawson - "Chiropractics"; Linda Hogg - "Ontario The Storehouse of Minerals"; John Irwin - "Louis Pasteur"; Cecil Morrison - "Rubber"; Gerald Dawson - "Louis Braille"; Patricia Hone - "Brazil As I Have Seen It".

GARNETS' OFFER DELIVERY SERVICE

Minden residents are pleased with the new "house delivery" service being given by Garnet's Bakery. The bakery after moving its new location instituted a service and the Minden residents heartily endorse this new delivery of their bread and pastries.

Palm Sunday Service Prelude To Easter Observance This Sunday

The Palm Sunday service in St. George's Church, Haliburton was conducted by the Rev. R. J. Kerr, who took as his theme "The Triumphal Entry of Jesus into Jerusalem" as told by St. Luke 19:29 - 48.

The Triumphal Entry into Jerusalem was an event of special significance to Jesus because He planned it carefully, and made predictions about a final clash with the religious authorities - a clash for which the triumphal entry proved to be the final provocation.

It was regarded as significant also by the disciples, and all four evangelists take care to record it in their Gospels.

For the religious authorities too, the triumphal entry was significant - not because they were ready to acclaim Jesus, but because they feared the result of the acclaim of those who shouted their praises to Jesus on the first Palm Sunday.

Another way to estimate the importance of this event is to see it as a turning point between two distinct phases of our Lord's Ministry. It marks the introduction to the final week leading up to the crucifixion - a week to which all four evangelists give special attention out of proportion to its length in comparison to the rest of Jesus' Ministry.

Jesus arrived in Bethany about a week before the Passover, and from there staged His Triumphal Entry into the Holy City, the heart of Judaism.

The Triumphal Entry is also the climax of a series of journeyings toward Jerusalem. There came a time when Jesus, having been rejected at Nazareth, and having concluded a stage of His Ministry centring around Capernaum, "steadfastly set His face to go to Jerusalem" because, St. Luke says (9:51) "The time was come that He should be received up."

Many interesting contacts were made on these trips to Jerusalem; among them, The Lawyer asking "What shall I do to inherit eternal life?"; a visit to the home of Martha and Mary in Bethany where Martha tells her grievance against her sister to Jesus; the healing in a synagogue on a Sabbath of a woman who had been ill for 18 years; the healing of the ten Lepers, the healing of Blind Beggar Bartimeus at Jericho; and the Conversion of Publican Zaccheus, the little man who climbed up the tree in order to see Jesus.

Many important teachings come out of this period: The Story of the Good Samaritan; Teachings about God's Provident care; the parable of the Great Supper; Parables of the three lost treasurers - the Sheep, the Son, and the Coin; the Parable of Dives and Lazarus; the story of the Parisee and the Publican at prayer; the third prediction of His Passion (Luke 18: 31 - 33) "Behold we go up to Jerusalem, and all things that are written by the prophets concerning the Son of Man shall be accomplished for He shall be delivered unto the Gentiles, and shall be mocked, and spitefully entreated and spitted upon; and they shall scourge Him and put Him to death: and the third day He shall rise again."

One Parable which Jesus told, which is recorded by St. Luke just before the Triumphal Entry, lends special significance to the event. It is the parable of the Nobleman

who went into a far country to receive a Kingdom, and when he returned had to settle not only with his faithful servants but with rebellious citizens.

This parable would come as a word of encouragement to the disciples to be patient and to his opponents, a word of caution and restraint in opposing His Divine mission.

The Triumphal Entry itself was planned and carried out with all the marks of a strategic march in keeping with the purpose and character of Jesus' mission.

Kingly in its dignity, yet humble and unwarlike since His Kingdom is 'not of this world.'

Honourably, with loyal tokens of affection to a beloved leader - disciples putting their own garments on the colt which Jesus rode, and garments and palm branches strewn on the road over which he was to travel.

Then as the strange procession passed over the hilltop, coming into view of Jerusalem, all the sentiments of personal affection and confidence in Jesus as God's Representative, combined with pent-up longings for the awaited Messiah, culminated in a burst of praise, "Blessed be the King that cometh in the name of the Lord; peace in heaven and glory in the highest."

Yet Rejoicing and triumph were not the end of this joyful day. St. Luke, who was not an eyewitness learned from someone that the hero of the hour and the object of all this excitement, at the end of the procession broke into tears.

He looked down upon the city He (Continued on Page 7)

Accidental Death Is Coroner's Verdict

A Coroner's Inquest was held in Haliburton to enquire into the causes of death of the late Charles Henry Edwards, of Apsely. Mr. Edwards met his death on March 9, 1949, when a boom timber 45 feet in length swung around from the jammer that he was moving with a tractor, and struck him on the head and shoulders. Death had occurred almost instantly and the cause of death was described by Dr. A. L. Jamieson, Coroner, as a Fractured Skull and Fractured Spine. The only witness, was Mr. Ed Brooks, of the Standard Chemical Co., who by the narrowest margin escaped without injury, when he noticed the boom swing loose and was able to get out of its path.

The evidence was presented by Crown Attorney L. Jordon, of Lindsay, and a verdict of Accidental Death was submitted by the jury.

The jury composed of Messrs. W. R. Curry, Wm. Baker, T. Chambers, L. Coneybeare and F. Hodgson made the following recommendations in the handling of such jammers.

1. That all jammers during the operation of moving from one site to another should have the boom timber stabilized.

2. That such pieces of machinery should not be moved after dark, unless adequate lighting be otherwise provided.

3. That at least one other assistant be present during the operation of moving such a piece of machinery.

EDITORIALS

ROADMEN ARE BUSY

This is a busy season for those road superin-
tendents and workmen on the County road systems.
With the break-up of the cold weather many of our
roads have been found to be "heaved" and mud
holes develop which makes travel hazardous and
difficult. Such bad holes often develop overnight
and it is not unusual for some of our citizens to
start "blowing their tops" about the conditions
of the roads, when the road superintendents are
unaware of the particular bad spot of which they
are complaining. It would be much better if such
bad conditions do arise that citizens, who are
aware of them, would get in touch with the road
maintenance crews, informing them of same. Such
a co-operative endeavour will undoubtedly keep
the road workers informed of such bad condi-
tions and we have been assured that they will
do their utmost to make passable our roads at the
earliest possible moment.

"Buy Easter Seals To Help Crippled Children"

DOES PROVINCE DISREGARD STATUTES TOO?

It is our opinion that the ratepayer of the
Municipality of Dysart, should be aware of what
disposition has been made of the Curry Motor
accounts mentioned in these columns in earlier
issues. In order to obtain more expert opinion
as to the legality of these accounts the following
letter was written by ourselves:-

Haliburton, Ont. February 15, 1949

Deputy Minister,
Department of Highways of Ontario,
Parliament Bldg.,
Toronto, Ontario.
Dear Sir:

I am a member of the Dysart Municipal Council
and a matter has arisen, which I consider your
Department should be made aware of, and ask your
advice in its settlement.

Our Reeve, of 1948, while a member of the
Council did between the dates of Jan. 5/48 and
Jan. 15/48 do business with the Corporation of
which he was the Reeve, namely he did sell gas-
oline and service to trucks of the Municipality
between these dates. During the balance of his
term of office, no further infringement was made,
however the statement of the above accounts was
not presented for payment until January, 1949,
at which time he was no longer a member of the
Council.

I protested payment of these accounts in our
January meeting and my protest was upheld,
however in our February meeting, they were
again presented for payment, and despite my
further protest they were passed and paid. This
latter action, principally on the verbal advice of
your Mr. Leslie Boucher, of the Huntsville Div-
ision. I beg to enquire when your engineers took
on the judicial settlement of disputes contrary to
the Statutes of Ontario.

Thanking you and anticipating an early reply,
I remain,

Yours very truly,

L. H. Carroll, B.A., M.D.

Almost two months have passed and the
Department of Highways have failed to make any
reply to my request for their opinion in these
matters. We do not consider that we were
"cranks" in making such a request from the De-
partment of Highways, and feel that as ratepayers
we have been discriminated against. It is still
our opinion, in our interpretation of the Statutes,
that the payment of these accounts was illegal,
and in spite of the above request the Department
did not see fit to even acknowledge receipt of my
letter.

We feel that our duty as a Councillor and
Editor of a Newspaper has been fulfilled in making
known to the people of the Municipality of Dysart
these unpleasant facts, and unless some "conscious-
smitten" ratepayer sees fit to carry out Court
Action with regard to these accounts, this is our

last mention of them. If there be such a person
or persons in the Municipality that has sufficient
"intestinal fortitude" to further press action in
settlement of these accounts, we of the editorial
staff of this paper will do all in our power to aid
him in presentation of the facts of the case as they
are known to us to exist.

"Buy Easter Seals To Help Crippled Children"

UNDEMOCRATIC CO-OPERATION

It was gratifying to learn through the radio
and the press of the signing of the North Atlantic
Treaty, in which twelve nations have signified
their intention and desire of co-operating in a
manner to maintain peace in this area of the
world. In our opinion it is only through such co-
operation between nations that a lasting peace is
possible in this troubled world. To our minds
one of the most important articles in the Treaty
was that, which left the door wide open for any
other nation to join this group of Nations in
ostracizing war from the face of the earth.

Such co-operation for the welfare of humanity
does not appear to exist in the Conservative
controlled Ontario Legislature. The recent pres-
entation of the Charitable Gifts Act, although
denied by the Tory members, appears to be a
direct attempt to put the Atkinson Foundation and
the Toronto Daily Star out of business. Although
it is denied by Mr. Geo. McCullagh, owner and
publisher of the Toronto Evening Telegram and
the Toronto Globe and Mail, that he had anything
to do with the drawing-up or passage of this Act,
certainly puts the Toronto Daily Star in an em-
barrassing position, in that the Atkinson Founda-
tion may be forced to put the Toronto Daily Star
on the auction block. In view of statements made
by Mr. McCullagh and to quote, "Knocking out
that rag (The Star) is my only passion", and
another when questioned regarding the Charitable
Gifts Act, "Personally I relish the blame", would
definitely give one the impression that Mr. Mc-
cullagh and the Conservative Party have gone to
the limit to rid themselves of their greatest
opposition, namely the Liberal Toronto Daily Star.

If the desire to put the Star out of business
becomes a fact, it will mean that the Conservative
Party will have almost a clear field of the news-
paper control in Ontario and Toronto. Such a
situation would be indeed regrettable and would
be inductive to undemocratic principles of govern-
ment, in which the minority would be handicapped
in their ability to present their beliefs and plat-
forms before the voting public.

"Buy Easter Seals To Help Crippled Children"

SPRING FORECAST

Encouraging signs of spring pop up every day.
The first hardy robins and the frost-defying cro-
cuses have been reported from various parts of
Canada.

Officially, the first day of spring is fixed by in-
volved astronomical calculations. But for some the
spinning of the spheres has nothing to do with it.
For them the season opens with the arrival of the
seed catalogue.

The gardening fraternity is now in a state of
subdued excitement. They have several weeks'
grace in which to pore over catalogues and prepare
orders before the first spade can be put into the
ground.

Seed catalogues are interesting publications.
With a subtle combination of sales talk, facts, and
illustrations, they are a shot in the arm to any
gardener's plans. When his list is completed, he is
sure to have ordered one or two packages that hold
promise of yielding a bigger, eye-ful or mouthful
than he has ever grown before.

To say nothing of the guileless arrangement
of the catalogue. Just when the budget for the
garden has been about exhausted on flower and
vegetable seeds, the last few pages display indis-
pensable items—fertilizers, insecticides, tools.

It is rather a cruel awakening. No suggestion
of failures or parasites marred the earlier pages.
But one backward flash to last year's efforts, when
roses wilted prematurely and potato bugs levied
toll, is conclusive.

Perhaps the interval of winter wipes out the
memory of much of the hard work involved. Per-
haps the prospect of warm weather is so inviting
that any outdoor activity is welcome. Whatever
the reason, this year's garden needs tools and tools
mean work.

But let them dream for a few weeks more, the
gardeners, for whom the lure of growing things is
irresistible, whose "green thumbs" aid and abet
nature.

And it's a good thing for the rest of us that
they do.

We act as though comfort and luxury where
the chief requirements of life, when all that we
need to make us really happy is something to be
enthusiastic about. — Charles Kingsley.

"Buy Easter Seals To Help Crippled Children"

We would do well to get our kindnesses done
while they will do good, giving cheer and encourage-
ment, and not keeping them back till there is no
need for them. — J. R. Miller.

think we ought to show just a little one somewhere?"

Concerning Many Things . . .

By George Devlin

The time has come the walrus
said, to talk of many things; of
shoes and ships and sealing wax;
of cabbages and kings. Of why the
sea is boiling hot and whether
pigs have wings.

—Through The Looking Glass

At either the North or South
Pole, a man weighs about 12 oz.
less than he does at the Equator.

Two out of three Canadian child-
ren who finish Primary School
do not go on to High School, and
more than half of those who enter
High School do not finish.

The horse originated in China,
starting out as an animal no larger
than a housecat.

The Nile River is 4,000 miles
long and navigable for 2,900 miles
at high water.

It has been estimated that in
Canada today it takes more than
\$5,000 to provide the tools, mach-
ines, and plant facilities used by
a single factory worker.

About 70 percent of the world's
supply of asbestos comes from
Southern Quebec.

Up to the end of winter Britain
has spent about \$36,000,000 on the
Berlin airlift.

Only four percent of the work
is done by animals on a modern
Canadian farm; 92 percent is done
by machines, the rest by men.

Canned rabbit (35 cents a can
and eight ration points) is a new
British product.

The Empire State Building is
1,250 feet high, including the
mooring mast, with a 61 foot an-
tenna on top. It was built at a
cost of about \$30,000,000.

LETTERS TO THE EDITOR

The following is a portion of a
letter received from one of our
subscribers in Western Canada.

"Last week, I drove into a fill-
ing station at North Battleford
for gasoline, and the chap who
came out to serve me, while clean-
ing the windows, saw a copy of

the Haliburton County News lying
on the seat of the car and wanted
to know who was taking the Hal-
iburton paper. When I told him
that it was myself, he said that
he came from Kinmount. I had
known the chap ever since I came
home last June, but would never
have known that he was from
Haliburton County if it had not
been for your paper."

C.G.D.S.

Editor's Note: If any of your
residents of the County have re-
latives or friends living away from
the County, take out a subscrip-
tion for them and they will be
thankful as they still have a great
interest in the affairs at home
and are more than pleased to
learn of them. Let your paper,
the Haliburton County News,
keep them up on the news of the
County.

County Community Page

Many programs of expansion and alteration have taken place throughout Haliburton County in recent months as the merchants, ever alert to improving their shopping facilities, are keeping in step with the general trend of improvements. District residents are becoming more and more conscious of the advantage of shopping in their community, too. Not only is it convenient, but the quality of the merchandise available right here at home is the equal of that obtainable elsewhere. Anything and everything can be bought in this trading area where practically every phase of business life is represented. Community merchants take great pride in their community and endeavour to bring about all the improvements necessary to give their customers the best in shopping satisfaction, both as to merchandise and shopping service. "Shop locally" may be the slogan of the merchants, but it is much more than that. It is an invitation and a bit of wise counsel for the residents to patronize their merchants and at the same time to take advantage of the excellent services being offered close to home.

WILBERFORCE

The friends of Mrs. John Norwood are glad to know that she is feeling much better since her return from hospital in Toronto.

The Red Cross monthly meeting was held at the outpost on Wednesday evening. Plans for the blood donor clinic were discussed. Mr. Urquhart is the chairman of the Blood Donor Committee and we are hoping he will find a large number of enthusiastic donors.

Campaign reports from several districts were brought in. They are as follows:

Erie Flooring Co. - Mr. Hamilton, canvasser, \$54.00.

Tory Hill Community - Mrs. Anderson, canvasser, \$19.50.

Wilberforce Lumber Co. - \$35.00
Essonville - Miss J. Maus, canvasser, \$20.00.

Rev. Urquhart, canvasser - \$5.00.
Wilberforce - Mr. F. Schofield, \$43.00.

There are several districts who have not reported, but it is hoped the various canvassers will soon have their totals made up.

TORY HILL

Mr. Bob Bonham was welcomed home by Mr. and Mrs. Emerson Bonham and family on Friday. He and his wife had spent the winter with son Roy at Clifford, Ont. Mrs. Bob Bonham is expected to return here within the next few weeks.

Dr. Harold Way is taking a little holiday over at Elephant Lake. It seems there's some stout maples in that neck of the woods, ideal for tapping. So "Doc" Way, geologist by profession, has temporarily swapped his Geiger counter for spiles and sap buckets and gone into the syrup business. His wife and children are lending a hand occasionally.

Mr. and Mrs. Albert Hurst and family drove over to Huntsville last Sunday to visit Mrs. S. Rhamey, mother of Mrs. Hurst.

Mr. and Mrs. Stan Brooking were visited several days by Mr. and Mrs. Wally Marks and son Michael of Bowmanville.

Mr. and Mrs. Harry Finlay drove to London to visit Mrs. Wm. Hall, sister of Harry's. They stayed a full week, dropping in on their many friends while there. This was the Finlay's first "week off" in a long, long time.

Mr. Arthur Boyce, accompanied by his daughter Goldie, drove to Peterborough last week end to visit son Bill.

Mrs. Don Finlay went to Toronto a few days ago to care for her mother, Mrs. Mitchell. She

LAKE SHORE GARAGE HALIBURTON

Sales and service dealers for Studebaker Cars and Trucks, Johnson Outboard Motors, the Lake Shore Garage in Haliburton are in a position to give your automobile a complete service. This service includes just about everything from making the smallest repair or adjustment to completely overhauling or practically rebuilding your car. They maintain a repair service that is second to none in this entire district, and no matter what the make of car you may be driving, you are sure to find it running much better after having it serviced at this popular garage.

Established since June 1934, the Lake Shore Garage is under the management of Mr. Ed. Hunter and his son Jack. Mr. Hunter Sr. has had close to twenty five years experience in automotive work and Jack Hunter has had about ten years experience working on Outboard Motors. For nine years Jack worked with the Johnson Outboard Motors in Peterborough as Supervisor of Assembly. He is in a position to service and repair all types of outboard and marine engines. Whether it be service or repairs to your automobile, or your outboard motor that needs attention, there is no place throughout Haliburton and district in a better position to give you service than the Lake Shore Garage.

NEW SURGERY KNIFE SAVES LOSS OF BLOOD

Surgery in which blood lost during an operation is automatically and immediately returned to the patient's body has been made possible by the invention of a young English hospital attendant. He has developed a patented new type of surgeon's knife which as it cuts, draws in the flowing blood, purifies it and pumps it back into the patient's veins. The inventor is 24-year-old W. G. Gregory, operating room technician at Exeter City Hospital (West England). The knife has a grooved blade and a light tube running from the handle. As an incision is made, a small electrical pump draws the blood from the wound passes it through the purifying system and returns it immediately through a vein in the arm.

RENEW YOUR SUBSCRIPTION

expects to be away three weeks.

Mr. and Mrs. James Rae were visited by Mr. Robert Rae, Jr., Jim's brother, and by Mr. Edward C. Swan, a friend, during the early part of the week.

BOSKUNG

Mrs. Fred Harrison accompanied her brother, Mr. Sinclair Russel to Toronto on Sunday to visit her mother and father who are ill.

Mrs. Albert Davis is now out of Ross Memorial Hospital, Lindsay and is staying with Mr. and Mrs. Francis Thomas, Carnarvon for a few days.

Mr. and Mrs. Elvin Johnson and David visited with Mr. and Mrs. Leslie Prentice, Minden on Sunday.

The best time to find the soft spots is in the early hours of the morning. Mr. Richard Walker accompanied by two other boys were on their way to Mr. Howard Walkers at 4.30 Sunday morning when they got in the mud just passed Johnson's gate. Elvin was aroused from his slumbers to harness the team and pull them out. After doing so the boys went merrily on their way.

MR. JOHN NOBLE FETED ON 84th BIRTHDAY

A very interesting celebration took place on Sunday, when a large crowd of friends and relatives gathered at the home of Mr. and Mrs. John Noble, Essonville, in honour of Mr. Noble reaching his 84th birthday. Mr. Noble, who enjoys splendid health, has been a resident of Essonville since 1881, when he came to the community as a boy with his parents. He has continued in residence there for the past sixty-eight years and until recently has been active in the operation of his farm. Among those relatives present in honour of the occasion were three daughters, and three sons, Mrs. Bert Pass, of Lindsay; Mrs. Stan Silvers, of Kilmount; and Mrs. Gordon McCrae of Bobcaygeon; Hartman Noble, Frances Noble and John Noble. Mr. Noble is grandfather to 30 children and great grandfather to 5 children. The County News and his many friends wish him good health and many more such joyous celebrations.

CUNARD INSURES ITS QUEEN LINERS FOR \$45,000,000

A recent British White Paper throws some light on what has always been a closely guarded secret—the value of the two famous Cunard liners, the Queen Mary and the Queen Elizabeth.

The state document details the provisions of the Canard Insurance Act, which deals with the insurance of the two liners.

The figures mentioned in the act are £5,000,000 (\$24,000,000) for the Queen Elizabeth, and £5,250,000 (\$21,000,000) for the Queen Mary.

Shipping experts emphasize that these figures cannot be regarded as representing the cost of replacing the liners. They are merely "values agreed for insurance purposes under the act", and experts say that the White Paper nowhere suggests that the values are intended to be replacement costs.

Inquiries in shipping circles show that, at present shipbuilding prices, replacement of each liner would probably cost nearer £15,000,000, or between 2½ and 3 times the agreed values for insurance purposes.

DON'T BURN GARBAGE IN FURNACE

Burning of garbage in the home furnace will tend to damage the grates, advises the Canadian Institute of Plumbing and Heating.

Although a common practice in many homes, the use of the furnace or heating boiler as an incinerator will shorten the life of the heating equipment. Acids from the food will drop onto the grates. Under the intense heat of the fire the corroding action of these acids is increased, soon pitting and damaging the metal parts.

Even the upper parts of the fire box, and the flue pipes may be corroded by the acid vapors. It is pointed out. Not only is the efficiency of the furnace impaired, but possible leaks of coal gas may result.

ALBERT LARUE - HALIBURTON

Councillor Bishop really put the bee on the lads of Dysart for an increase in the grant to the Community Hall Board. Incidentally he is to be thanked for getting same too. Not as much as had been hoped and asked for, but an increase nevertheless. Doctor Bishop based his plea on the need for improvements on the present Arena. Certainly we feel the Doctor is justified in his claims that the sheet surface of the rink is "just too small." It was pointed out by the Councillor that in his opinion the hockey teams in Haliburton were lost when they reached rinks which invariably had larger ice surfaces. He expressed the hope that the Community Hall Board with Council's financial aid from the Council would see fit to lengthen and when the present ice surface of the Arena here.

Certainly there is no better time to start renovating this decrepit structure than NOW. Citizens of Haliburton, particularly the many hockey enthusiasts, should do their best to encourage their councillors and Community Hall members to further this idea.

Say, you can hardly keep abreast of the doings of the Minden Skating Club members... at the present time the members of the Club are as busy as beavers trying to raise funds. What for you ask? Well, they hope to raise sufficient funds to bring down the tuition fees of the children learning to skate. This is most commendable.

Recently Mrs. MacCarey raised ten dollars for the Club by selling delicious hot coffee to the Hydro staff. Mrs. Don James held a

euchre party in her home to raise funds. Other ladies of the executive will also be holding socials of various sorts for the same purpose. In a very short time we wager the Minden Skating Club will have a tidy sum of money to tuck away until the skating begins again.

While we are on the subject of winter sports, members of the Ski Club should bear in mind their will be a very important meeting of this Club at the Highlander Hotel on Friday evening at 7.30. All members must make an earnest effort to attend as this meeting will take the form of an election for the new executive. See you there.

Jack Jackson of Minden has been appointed to the executive of the Board of Directors of the Minden Skating Club. Jack replaces Ernie Windover, who resigned.

Citizens of Minden have an interesting night in store for them when the Minden Recreational holds its annual meeting this month. This will be a public meeting to elect their new commission. Folk in Minden should watch for posters announcing the date of this important meeting. More of this later.

At the present time the folk in Minden are holding draws and parties. The proceeds going to aid either the Recreational Centre or the Skating Club. For instance the Skating Club are sponsoring a Theatre Party. Other people are selling tickets for a draw. The proceeds from this will help equip the kitchen in the Centre. Hats off to these public minded citizens.

The address given by Gordon Pepper of the Children's Aid in the Minden United Church was very well received. People in Minden who attended the meeting expressed their pleasure in hearing this eloquent speaker. All felt the man's sincerity and all declared the meeting most interesting.

Last year the Council of Dysart defeated a bill to raise their fees. The motion at that time was made by Councillor Bert Curry and Councillor Geo. Earle. However,

this year a little snitch of your taxes will go to pay the Dysart Council a little extra. The motion was moved by Doctor Bishop and seconded by Bert Curry. We all hope you don't mind too much. The high cost of living, no doubt.

W. Guilford Timber Kings To Receive Champ. Crests

Frank Andison, Secretary of the Northern Hockey League on behalf of the Executive Committee reports as follows:

After a great season - a season marked especially by the vast improvement in the type and style of hockey played - the Haliburton County Northern Hockey League has finally declared a winner. West Guilford Timber Kings - led the league during the regular season and then went on into the play-offs to defeat the Haliburton Legionnaires and Wilberforce St. Mary's in two exciting series.

Through the courtesy and co-operation of the Dysart Memorial Trophy Committee the League was able to announce that the champions would receive this impressive Cup. At a later date - when West Guilford citizens will fetter their team - the Trophy will be presented by one of the Cup Committee. It should be quite an occasion for West Guilford residents who so loyally supported their team all season.

Something new for presentation to the Champion Club this year will be the Championship Crests to be presented to each player by the Northern Hockey League.

The League Executive, although panned unmercifully several times for obvious errors in judgement, have worked hard all season to keep all the Clubs happy and playing on an even keel. Unfortunately, unforeseen circumstances cropped up from time to time which tried the patience of both the Club and Executive Members. We can only hope that the lessons learned this year and last will pave the way for a more efficiently operated organization next year.

To reaffirm the original objective of the Northern Hockey League let us again examine our first thought in forming the League, namely this: to provide an opportunity for youngsters and oldsters alike to play hockey if they so desired in an organized group; to foster the development of younger players by mixing them with more experienced players in actual competition; to provide a sporting outlet for rivalry between the County's smaller communities. While realizing that many mistakes have been made, never the less the Northern Hockey League Executive feels it can look with reasonable pride to the fact that it has, in no small measure, accomplished its objective.

In the final analysis the success of the League has depended on the support of the general public. This support has been forthcoming and so we were able to carry on. With the continued support and interest of the public we can look forward to a better season than ever next year. Already public interest is such that both Kinmount and Gooderham groups have signified intention of entering the loop, making in all eight teams. This can be clearly termed as progress and will make the Northern Hockey League the strongest league of its kind, without outside support or supervision in all Ontario.

The Executive would like to thank all those who helped operations of both the League and its clubs during the past season. Our thanks go especially to those who actively helped in officiating at League and play-off games - sometimes under very trying conditions. We also owe a debt of thanks to our sportswriters of the local papers who helped greatly in publicizing the games.

May we look forward to your continued support of our operations next season.

CARD OF THANKS

The family of the late Mrs. Jane Sisson wish to acknowledge, with grateful thanks, the expressions of sympathy extended to them during their bereavement in the loss of a dear mother.

MEETING OF SOMERVILLE COUNCIL

A meeting of Somerville Council was held in the Orange Hall, Burnt River on Monday, April 4th with all members present.

The minutes of the previous meeting was read and adopted.

Moved by Messrs. Hodgson and Byrne; that the Clerk be added to the Committee to interview Mr. Austin and Dettman.

Moved by Messrs. Wilson and Fountain; that the bounty on wolves destroyed in the Municipality be raised to \$15.00.

Moved by Messrs. Fountain and Wilson; that relief accounts amounting to \$73.50 be paid.

Moved by Messrs. Hodgson and Wilson; that the Clerk write the Kirkfield Crush Stone Ltd. and obtain prices on crusher run; delivered in low side cars at Fell's Station, Burnt River, Watson's Siding, and Kinmount.

Moved by Messrs. Hodgson and Fountain; that the Reeve and Road Supt. be authorized to sell the two old crushers for the best price possible.

Moved by Messrs. Wilson and Hodgson; that the bills for snow removal be held over until all accounts are rendered.

Moved by Messrs. Wilson and Byrne; that road expenditures as presented by the Overseer and amounting to \$402.84 be paid by the treasurer.

Moved by Messrs. Hodgson and Byrne; that Mr. Chas. Brohm be rehired as assessor at a salary of \$200.00 per annum.

Moved by Messrs. Hodgson and Byrne; that Mr. A. A. Williamson be rehired as Clerk and Tax Col-

lector at a salary of 600.00 per annum.

Moved by Messrs. Byrne and Hodgson; that Mr. Chester Godwin be appointed as Treasurer at a salary of \$300.00 per annum.

Moved by Messrs. Hodgson and Fountain; that the Clerk advise Mr. Boucher to meet the Council at Burnt River on Monday, April 18th re hiring road overseer and road inspection.

Moved by Messrs. Hodgson and Fountain; that the Clerk write Mr. Anderson at Port Hope re re-changing road commencing at the north east corner of Lot 72 in Front Range and crossing Lot 17 in the 13th Concession of Somerville.

Moved by Messrs. Byrne and Fountain; that we adjourn.

A. A. Williamson, Clerk.

Sports at "The Centre"

By The Ole Timer

With hockey practically over for the season our thoughts can shortly turn to softball, and the Hodgson Trophy. I'm sure Minden will be out again this year in full strength trying to hang on to said trophy for another year. With Johnny Lewis a prospective member of our fair community and we trust a ball player of some note there will be another position for the boys to fight for so it looks as tho the lads who want to make the team this year had better sharpen up their throwing arms in preparation to make the team this year.

With Kinmount bordering our County why would it not be a nice gesture to invite Kinmount to participate as another entry in our league. I'm sure they have what it takes and by bringing in Kinmount enough added colour and not too far travelling especially with roads available from both ends in the summer. It's a thought for those responsible for arranging the schedule.

We see where the good Breslau team is showing their heels to the senior entry in the O.R.H.A. for the All Ontario.

It looks like one goal kept another championship and possibly the All Ontario from coming to our County as well as Minden Intermediate B. championship. With the fight Haliburton put up it is tough that they were unable to come through in the finals as it was just so close it could easily have been the other way around.

Altho Minden was unable to challenge Breslau and continue the series to the end we feel we

could have given them a hockey game however that is here nor there what this writer would like to know is how official sanction can be given to Breslau and Woodbridge in their play offs as All Ontario Rural as the press puts it. Is it not putting the cart ahead of the horse or do they not quote their own rules and regulations as supplied each team or their representative prior to the opening of the hockey season to abide by. Page 22 Item 5. or Page 24 Item D.

Well it's another hockey season over and a successful one but before the next one let's all get together and see if we can't better ourselves or stick together and demand a little more recognition with one or two representatives present at their annual meeting.

The Minden team have been invited to attend a banquet in their honour at the Dominion Hotel, Thursday evening April 14th. We trust they will all be on hand as one thing a hockey team is really good at is putting on the feed bag.

It looks like another year for the Toronto Maple Leafs after taking the Red Wings in 2 straight in Detroit with the rookies on top of the heap. With Peterborough coming through in the Senior B a team well known to most of the players around these parts. All that was needed was Haliburton to come through to have made perfect score.

It seems like a rather foolish move on the part of Danny Lewicki refusing to bite on a guaranteed 5,000.00 salary to help along Connie Smythes cause. For a kid 17 years old that ain't hay, he might do worse.

In closing has everyone forgot it costs money just watching our Recreation Centre sitting there idle. Plenty of money? Hadn't we better get around and start working on something or should we have that Public Meeting and let someone else take over who can carry on the fight. Maybe the present committee is stale so there isn't anything like new blood to get things moving so how about it?

PALM SUNDAY SERVICE (Continued from Page 1)

would have saved and forsoes its ruin. The ruin that was not inevitable, but blindly and perversely chosen, because it was unwilling to receive Him and the things for which He stood. They knew not the time of their visitation, and the things which belonged to their peace.

Pen Pictures

By Clayton W. Hodgson, M.P.

Mr. George Drew, Leader of the Progressive Conservatives, discussing the North Atlantic Pact in a stirring speech before the House last week, said "It is my earnest hope, and in this I am speaking for the party which I have the honour to lead, that this resolution will receive the unanimous and wholehearted support of every honourable member of this House." He suggested that our representatives in Washington should receive "a clear indication of the sentiment of this House as to the way in which this pact should, and can, serve the high purposes for which it has been prepared."

The signing of the North Atlantic Pact offers the promise of freedom and peace, but it must become a living instrument of effective and continuing co-operation between nations. It creates a great partnership of free people.

History is filled with stories of the hopeless failure of pact after pact which were instituted to preserve peace and security. It would be easy and very comforting to hail this pact as the dawn of a great new day and the positive assurance of peace in our time. But its success or failure will depend not on the terms of the agreement, but in the manner in which the partners work together after the agreement is signed.

The reason we have the North Atlantic Pact is because the security council of the United Nations has failed to give adequate assurance of security. Any evasion of this hard truth would only tend to mislead the people of this country. We hope that the dream of an effective United Nations Organization might still become a reality. However, it has not happened yet. The North Atlantic Pact, which is well within the provisions of the United Nations charter, should bring us nearer to that much desired objective.

The dreams of Sir John Macdonald and the Fathers of Confederation became a reality on Friday, April 1, when Newfoundland joined the Dominion of Canada and became our 10th Province. Ceremonies were conducted simultaneously at St. John's, Newfoundland, and in Ottawa. Our ceremony here, which took place in front of the Peace Tower on Parliament Hill, was witnessed by a large crowd which gathered to hear welcoming addresses by Viscount Alexander, Governor General of Canada, and the Prime Minister, Mr. St. Laurent. The Prime Minister mounted a scaffold erected in the archway of the Peace Tower, and struck the first chips for the carving of the heraldic shield of Newfoundland. Space for this shield had been left blank when the building was erected.

A conference of Prime Ministers of the British Commonwealth will be held in London, England, during the Easter recess. Taking into consideration the dangerous situation in the world today, and the fact that trade within the Commonwealth is slipping away from us, Canada should be represented by its highest authority - the Prime Minister. He has already stated that he will attend, "if necessary". The rapid deterioration of our trade is alarming to everyone who pauses to think. Unless these agricultural markets are recovered, Canada will be facing an economic crisis. We feel that this conference, is of the utmost importance and, inasmuch as every other member of the Commonwealth will be represented by a prime minister, then Canada should have the same representation.

Here are a few thoughts on the budget which was brought down a short time ago. No real relief for the farmer in spite of his rising costs of feed, etc. nothing at all done for the very large class in the low-income: people who are non-income taxpayers and who, instead of having their cost of living decreased, actually find it rising. The government

Lindsay BUSINESS Review

HELEN FORD HAIRDRESSING
SALON, LINDSAY

Knowing the importance care
of the hair has on personal ap-
pearance, ladies throughout this
entire district invariably choose
the Helen Ford Hairdressing
Salon, 88 Kent West in Lindsay,
with its staff of trained beauticians
as the finest place to receive ex-
pert service and intelligent hair
care.

This business was established in
October by the present owner,
Miss Helen Ford, who has had
twenty-five years experience in
beauty culture work. For the last
eighteen years Miss Ford has used
the Harper Method of individual-
ized treatments for hair and skin.

You'll enjoy having your hair
done at the Helen Ford Hairdressing
Salon. For one thing, you can
have absolute confidence in the
skill and ability of the operators,
who are trained in the latest
beauty methods and are particu-
larly clever in suiting your own
special type of beauty. Then you
will enjoy the comfort of this
thoroughly modern, up-to-date
establishment. Comfortable sur-
roundings, beautiful decorative
scheme, all these combine to make
your visit to this popular beauty
parlor most enjoyable. Not only
that, but the very latest Harper
Methods are used, assuring you
complete satisfaction.

AS OTHERS SEE US

The little boy we knew has gone
away.
Behold! A man stands in his place
today.
He stands there, a diploma in his
hand,
And we? The proudest parents in
the land!
Handsome, alert, his head and
shoulders high,
Ambition's fire gleam in his clear
eye.
Eager to face this life, nor falter
he,
But prove his mettle; tho' the
battle be
Beyond his ken. Oh, World, teach
him the while
That living is but giving with a
smile.
Success is service — not the gold
that gleams;
And loud acclaim is seldom what
it seems.
God, give him years — he has so
much to do;
And keep his faith unbroken,
strong, and true,
Keen his heart pure and filled
with simple joy —
This man, today, who was our
little boy.

LOCHLIN

Ruth Thompson entertained her friends at a birthday party last Saturday.

Murray Wruth is the proud possessor of a new G.M.C. truck.

Mr. Bert Hicks is making extensive repairs to his home both inside and out, modernizing the kitchen, and with the addition of a verandah and insul brick siding.

Mr. and Mrs. John Hill have returned home from a visit to friends and relatives in Toronto and Dunnville.

Betty Burke is back at school again after being confined to her bed for two weeks with phlebitis.

Mrs. James Wurth and daughter Gladys returned on Sunday from Toronto.

Mrs. Harold Hill, who has been visiting her parents in Dunnville, returned home on Monday evening.

The Public School children were hosts to the community on Friday evening when they entertained their parents and friends at a party held in the school house. Mr. Ralph Hussey showed three most interesting films and the children sang several selections. Cards and crokinole were played, after which the children served lunch and the young people grouped around the piano for a good old-fashioned sing-song. Our thanks to the pupils and their teacher, Mrs. A. W. Brown, for a most enjoyable evening.

The W. A. had an all-day quilting on Wednesday at the home of Mrs. H. Hill. Besides their regular monthly meeting, they almost completed the quilting of a large flower-applique spread. Some of the ladies returned the following day to finish the job.

Many of the farmers are busy in their bushes these days making maple syrup.

The Men's Club held their meeting this month at the home of Mr. and Mrs. Walter Harrison of Lochlin. Although the roads were very muddy and practically impassible in spots, there were fifteen men present. After a lively business discussion it was decided to go ahead with the purchase of a new mower for the upkeep of the cemetery grounds. The mower will cost about two hundred dollars. The men who have supported this project, both financially and otherwise deserve a great deal of credit.

After the business meeting, there was time for a couple of rousing games of cards before lunch. A vote of thanks was extended to Mrs. Harrison for the grand lunch and to Walter for his hospitality. The next meeting is planned for Monday, May 2nd at 8:30 p.m. at the home of Mr. and Mrs. H. A. Baker.

ELSIE PARK GOWAN, the Edmonton radio dramatist and free-lance writer, who is heard frequently in CBC broadcasts of comment and opinion. Mrs. Gowan will discuss ways of solving family money troubles in a broadcast talk on April 14th—one of a series of talks by Canadian women writers on making a success of marriage, called Happily Ever After. The program is heard Thursdays at 4:18 p.m. over the CBC Trans-Canada network. A University of Alberta graduate, Mrs. Gowan has written extensively for CBC dramas and talks.

Chinese visitor says: Funny people, you Americans. You take a glass, you put in sugar to make it sweet and lemon to make it sour; you put in gin to warm you up and ice to keep you cool; you say "Here's to you" and then drink it yourself.

HALL'S LAKE

Mr. and Mrs. Arnold Hewitt and family from Peterborough spent the week end with Mr. and Mrs. Arthur Welch.

Mrs. Cooper and Mr. and Mrs. Cardiff were in Dorset on Tuesday on business.

On Sunday afternoon Mr. and Mrs. Robt. Abbott motored to Toronto for a few days returning on Wednesday.

We are glad to see Mrs. Fred Welch out again after her long illness.

Mr. Bruce Butts from Toronto returned home on Saturday after spending a couple of weeks holidays with Jimmy Welch.

Mr. Eldon Russell was called to Toronto on Friday where his father is very ill.

Mr. and Mrs. Sam Davies and Bob attended the wedding of their daughter and sister Miss Lilly Davies, in Toronto on Saturday.

On Thursday Mr. and Mrs. Dick Hewitt, moved back to their summer home at Little Hawk Lake, after spending the winter in one of Mrs. Cooper's cottages, Bonny-Vu.

RUBBER ROADS

Rubber is entering the roadsurfacing field; when 5 to 10 percent of rubber powder is added to the asphalt used, riding qualities are improved and the surface is less affected by winter cold and summer heat.

HANDS IN TRAINING...FOR ONTARIO

Learning Business Practice

IN Ontario the wheels of industry turn for the benefit of every single one of us. Our lathes, dynamos, drill presses, farm combines, tractors, business machines, etc. are producing goods and services which earn dollars. These dollars provide food, clothing, medical care and other necessities which contribute to our security and high standard of living. Every single one of us, therefore, has a very personal interest in the flow of a steady supply of trained workers to industrial plants. These workers will operate machines which are important to our way of life.

We should appreciate, then, the co-operative efforts of government, industry and labour in the field of employee training. In schools and in factories our workers, young and old, are given the opportunity to develop new and specific skills in every field of business and industrial activity. For instance, every effort on the part of office workers to become proficient in typing, filing, shorthand and secretarial work, will mean greater business efficiency—will help to make Ontario a finer place in which to live and work.

THE BREWING INDUSTRY (ONTARIO)

Our Way of Life Rewards Trained Hands

Ontario workers know they can earn more, have executive responsibility and enjoy a higher standard of living in direct ratio to the skills they acquire and the way they make use of them. That's always true in a free economy—that's why our competitive system will continue to make Canada great and a great place in which to live.

Shorts on Sports

With the coming of the warm spring weather, sporting activity around the County seems to have dwindled to roller skating, bicycle riding and the odd rope skipping of the youngsters up and down our main streets. However, as the old saying goes, everybody talks about the weather, but no one, including ourselves, seems able to do very much about it. So with ice gone and the fields too wet and muddy for any field sports, a short and dull column this week.

However all is not lost. For all those interested there is a meeting of the Ski Club coming up on Friday April 15th at 7.30 p.m. at the Highlander Hotel. This, the second Annual Meeting of the Club, will undoubtedly turn out to be a very important one and all members should certainly make their presence felt. If this Club is to function in a manner in which we all anticipate, let us have plenty of enthusiasm from its members. So a MUST for Good Friday evening is the Highlander Hotel at 7.30.

As we have so often pointed out during the past winter months great progress has been made by the club, and the completion of the tow is certainly something worth crowing about. Here in Haliburton we have the making of a Winter Tourist Business with the installation of this new convenience. Every citizen, business man and sport enthusiast, who has any desire to see Haliburton get going on Winter Sports should be in attendance at this meeting.

Although it is well past the season for taking a trip over a ski run, your correspondent had the pleasure of showing our progress to a visitor to Haliburton last week. This gentleman, an expert skier, has tried all of the runs in Ontario and most of them in Quebec, and was very liberal in his praise of our efforts in Haliburton. Given the proper backing of our citizens, good ad-

vertising, co-operation from our tourist lodges for accommodation, there will be little doubt that Haliburton would be as busy during the winter months as it is in the summer, was his opinion. Such words of encouragement certainly was like a shot in the arm for yours truly, and feels that such remarks should be passed along to our readers.

Apparently the last sporting event of our winter season was left to those "mighty" stone hurriers of the Curling Club. Lloyd Hussey took a rink over to Orillia last week and came within one point of taking the Trophy. Nice work, perhaps with another season under their belts, our curlers will begin to decorate the shelves (?) of their new trophy room.

It was with deep regret that we learned of the displeasure of the Minden Monarchs after winning the first championship ever to come to Haliburton County. This fine little team, after winning the championship of the Intermediate "B" section of the little recognition by the officials of the league. It seems to us that they have a real "grouch" against the league officials. Not that very much can be done about it at the present time, but we would certainly suggest that when the annual meeting of the O.R.H.A. comes up that they take along a strong contingent to present some of their grievances, so that they may not reoccur another year. With Minden winning the "B" section and Haliburton runners-up in the "A" section, it would seem to us that Haliburton County has become a very important area to this league and some representation on the executive of the league should be warranted. Keep it in mind boys and get a real live representation at their next meeting.

Week's Hint for Husbands: The trade journals indicate that Easter flowers will cost 10 per cent less this year.

WEDDINGS

PHILLIPS WATERMAN

In a very pretty setting before an open fireplace, a lovely wedding was solemnized on Monday evening, April 14th, in the Palm Room of the Royal York Hotel, Toronto, when Jean Dawson, daughter of Mr. and Mrs. John D. Waterman, Lindsay, was united in holy matrimony to Mr. Ralph Lorne Phillips, son of Mrs. Phillips and the late Mr. J. H. Phillips of Kilmount. The Rev. Harold B. Neal, minister of Cambridge St. United Church, Lindsay officiated.

The bride given in marriage by her father, was lovely in a graceful gown of white satin and lace. Her veil was held with a headdress of pearls and she carried Talisman Roses. Her attendants were Miss Tonja Elliott (niece of the groom) flower girl; Miss Margaret Waterman bridesmaid; with Mrs. Jack Thompson, Kilmount, and Mrs. W. H. Waterman of Lindsay as matrons of honour. They were gowned alike in turquoise taffeta with long graceful skirts and fitted bodices, and carried tulips. Mr. Jack Thompson of Kilmount was groomsmen.

After the ceremony a reception was held in the Royal York Hotel, the bride's mother receiving wearing a long blue crepe gown with lace jacket assisted by Mrs. Phillips in amethyst velvet. Their corsages were of Joanna Hill roses.

After the reception the couple left for Halifax where they will sail for Europe. The bride travelled in a smart navy and white ensemble with corsage of orchids.

COUNTY PERSONALS

Friends of Mrs. Albert Davis will be glad to learn that she has returned to her home, following a serious operation at the Ross Memorial Hospital in Lindsay. They will all wish her a speedy recovery.

Mrs. Norman Roberts of Haliburton, and her two children, Frances and Gary, are spending a three week's holiday at the home of Mrs. Roberts mother, Mrs. Gordon Cameron, Brandon, Manitoba. Mr. Roberts, accompanied

HALIBURTON COUNTY NEWS

HALIBURTON COUNTY'S OWN NEWSPAPER

VOL. 5, NO. 41

HALIBURTON, ONTARIO Thursday, September 29th 1949

\$2.00 Yr. in advance; 5c per copy

NEW BANCROFT HOSP. 20 BED CAPACITY

Two new Outpost Hospitals are to be opened during the month of October, it was announced at Ontario Division Red Cross Headquarters today. The Hospital at Warton, the only large Hospital in the Bruce peninsula, is to be opened during the first week in October. The twenty-bed completely furnished institution is valued at \$200,000.

At Bancroft a fine new Hospital is to replace the old building which served the district for many years. This, too, will contain twenty beds and complete with furnishings is valued at \$200,000. Opening ceremonies will take place in October.

The Provincial Government, The Ontario Division Red Cross and the local communities in each case provide one third each of the capital cost. Like the other 28 Outposts in the province, both Hospitals will be operated from Ontario Division Headquarters in Toronto.

SNOWDON COUNCIL SET OCTOBER 19th FOR COURT OF REVISION

Snowdon Council held their meeting on Sept 12th with all members present.

The minutes of the last meeting were read and it was moved by Hicks-Kellett the minutes be adopted as read. Crd.

A discussion was held on the right of way through the Lochlin station yard and it was moved by Harrison-Crego the Hon. Leslie Frost be advised of the situation regarding the Lochlin diversion. Crd.

A letter was read from Mr. Hugh Currah and it was moved by Crego Harrison, Mr. Currah be advised that the matter under discussion automatically reverts to him and applies also to the fencing of the road allowance. Crd.

Moved by Crego-Harrison that the Rev Craig be advised that the Twp. cannot maintain a private road unless same is deeded to the Twp. on their approval. Crd.

Moved by Kellett-Hicks the road engineers approval be asked for the purchase of a new truck and tenders be called for same with trade in of present truck. Crd.

Moved by Harrison-Crego the following garages be asked for tender for a five ton truck — Chambers Motors, Haliburton; Boice Motors, Haliburton; Lake Shore Garage, Haliburton; Curry Motors Haliburton and Manley Motors, Lindsay.

Moved by Hicks-Kellett the assessor be given permission to look up lots that are questionable. Crd.

Moved by Crego-Harrison the Road Superintendent's salary be increased to 65c per hour effective Oct. 1, 1948, plus 7c mileage. Crd.

Moved by Harrison-Hicks that Wm. Dugan spend an extra \$150.00 on the Millar road. Crd.

Moved by Harrison-Hicks that Court of Revision be held on Wed. Oct. 19th in the Orange Hall at 10 o'clock a.m.

By-Laws No. 114, 115, and 116 received first, second and third readings, signed and sealed

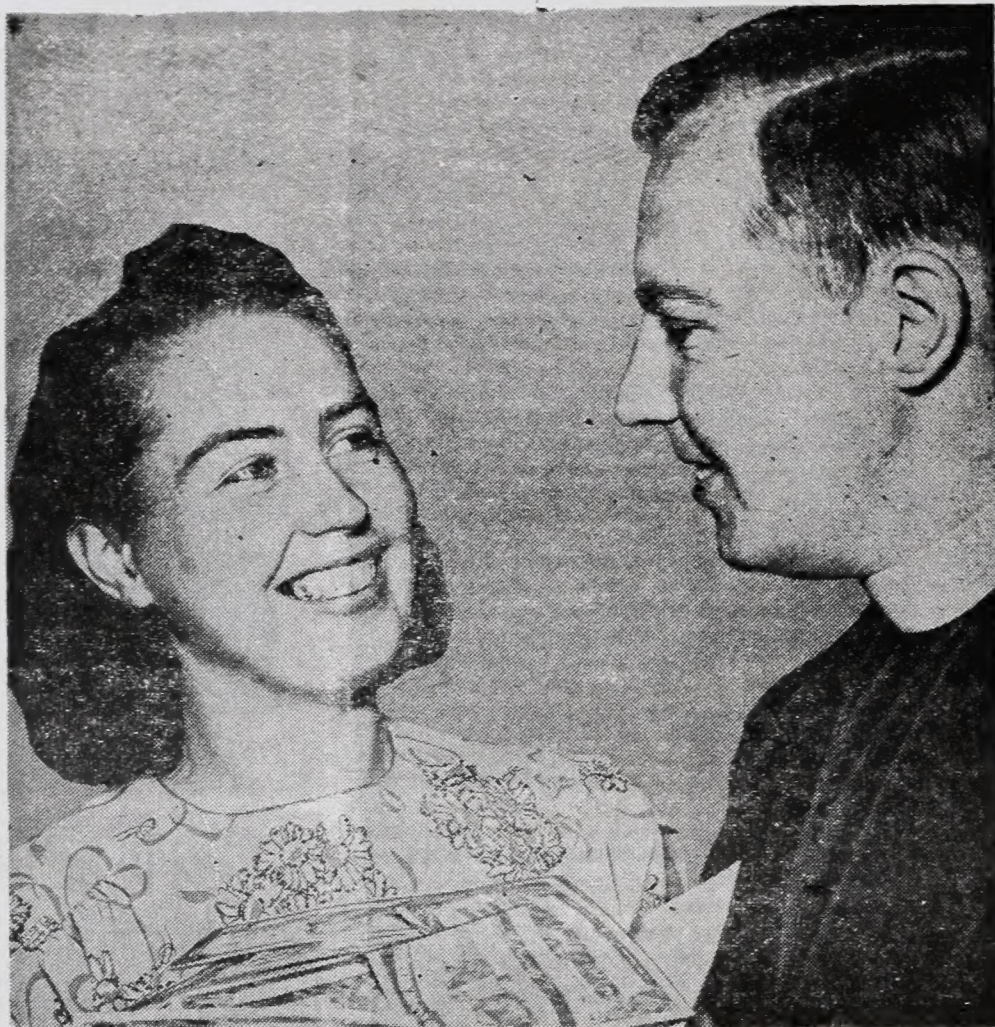

Moved by Crego-Harrison the following bills be paid —

Wm. Dugan, Aug. road money \$385.47; Wm. Procter relief for Simmons \$29.06; June rental of grader \$50.06.

Moved by Crego-Harrison we adjourn until Wed., Oct. 19th.

Those huge forest fires that attracted so much attention and caused so much anxiety not so long ago have surely been well extinguished by the welcome rains of the past week. Frost on Sunday morning hit vegetation a nasty slap. Seldom is Jack so tardy as this season. Some compensation for the dry spell.

Ingoldsby Say Farewell to Rev. and Mrs. Gordon Smythe

On Friday evening, members and adherents of Ingoldsby United Church gathered in the Church basement to do honour to the Rev Gordon Smythe and Mrs Smythe who are shortly leaving this church for a Toronto church. After an evening of music and games, the Ladies of the WA served a dainty lunch. Mr. Percy Burk made the presentation of a purse of money to the Smythes with a few well chosen words. Mr. Smythe thank-

ed those responsible and after a few further remarks called on Mrs Smythe for a few words. At this juncture, Mrs Vinton Loucks represented the Women's Auxiliary in presenting a gift to Mrs Smythe and four year old Phyllis Loucks shyly handed a lovely bouquet of gladioli to Mrs. Smythe, who thanked the ladies for the gift and flowers. The bouquet was donated by Mr. P. J. Williams.

The Rev John Hoyle and Mrs

Hoyle were present that Mr Hoyle was called upon to speak. His few remarks were very apt and ably expressed the feeling of most of those present.

We are sorry to have the Smythes leave our community. We wish them every success in their new field of endeavour and accept with thanks their invitation to call at 100 Summerville Ave. whenever in Toronto.

Beautifying Surroundings Pays Tourist Dividends

Residents of the village of Minden set an example to the rest of the County the past summer, when under the leadership of the Minden Business Men's Assn., the school children were assisted in the planting and care of flower beds along the river bank. These beds added much to the natural beauty of the village and made a tidy, neat and picturesque appearance which was unquestionably admired by many of our summer visitors.

Fall of the year is no time to consider extensive paint jobs on our homes and buildings, but now is the time to consider laying out flower beds, doing landscape and terracing work, cleaning up unsightly areas that detract from the beauty of our villages. Rebirth of some of the dormant Horticultural Societies could do much to improve the appearance of the County. Through such a Society aid in the form of grants and information may be obtained from the Provincial Government which would go far in this worthy effort of increasing the beauty and attractiveness of our County.

In 1947, net profits of Canadian corporations were 3 1/2 cents on every dollar of sales, of which more than two cents were plowed back into business.

During the 1945 logging season woods operations gave 36,558,000 man days of employment to Canadians, for a total of \$209,000,000.

DYSART SCHOOL SPORTS COMMITTEE

At a recent meeting of the Dysart Schools Sports Committee, it was decided to hold the second annual field day on Friday, Oct. 7th, 1949.

It is hoped to have the event at West Guilford this year, instead of Haliburton, in order to make the school celebration a truly township affair.

Graded and ungraded schools will take part. Haliburton, West Guilford and Eagle Lake will compete for the Legion Shield won by West Guilford last year. Harcourt, Kenaway, Donald and No. 4 Dysart will compete for the School Board Shield now held by the latter.

There will also be two individual trophies for the most outstanding girl and boy athlete in the township.

The various age groups will be the same as last year. Junior 6-8 years, Intermediate 9-11 years and Senior 12-14 years. Boys' and Girls events will be separate.

Through the united cooperation of the various members of the School Board, Ministerial Association and teachers as well as the enthusiasm of the boys and girls themselves, last year's township Sports Day was a decided success. It is hoped to repeat this performance again, not only this year but in other years to come.

There are over 11 branches of the Victorian Order of Nurses in Canada. They are distributed through every province with the exception of Prince Edward Island.

BEAUTY OF NATURE COULD BE AIDED BY MAN MADE BEAUTY

The great majority of our summer visitors and cottagers have left for their city homes both near and far, and Haliburton, Minden, Wilberforce and other tourist centers in the County have more or less settled away to the regular routine of business, which invariably follows the busy summer season. Practically everyone in the County is affected in some manner by our transient summer visitors and to the majority it means increased business or employment for residents in the County. This in turn means increased funds in our bank accounts and puts within the reach of us a better standard of living.

It is a perfectly natural human trait to willingly accept benefits that may pass our various ways, but how many of us are willing to go out of our way to perhaps make a little extra expenditure to aid in the pleasures or comforts of the other fellow? Much could be done in this respect for the pleasure and comfort of our summer visitors who so materially benefit each and every one of us.

Haliburton County, in its natural state is a great attraction to the tourist industry, but some of the villages and residences in the County and Villages are anything but attractive. Much could be done in this regard to augment the beauties of nature if the homes and grounds of the people were kept in a better state of order and repair.

HARDING'S GRILL HAS "NEW LOOK"

Now that the tourist season is over, many of the local merchants are busy renovating and enhancing their places of business.

We notice that Ed Harding, congenial proprietor of the Minden Coffee Bar is doing a real job on his building. When the work is completed this week, the result should prove a real asset to Minden's Main Street. Mr. Harding is doing the building in Pine Siding with a natural finish. A new rose color Neon sign has been ordered bearing the words "Harding's Grill." Of course the super-duper hamburgers will still be as superduper, as will the morning bacon and eggs from the grill. This business of buying hamburgers to take out is alright but what about that extra shake of salt. Ed got around that one too. Each burger that is wrapped to take out contains a small package with a bit of salt, — guess its the little things that count.

ONTARIO'S METHOD FIRE DEPT. AID TOPIC AT I.A.F.C.

Ontario's method of providing state aid for municipal fire departments, an innovation on the North American continent, was described at the International Association of Fire Chiefs' 76th Annual Conference in New Orleans.

Honorable Dana Porter, K.C., Attorney-General of Ontario, told the oldest national fire service organization in the United States that increasing fire service costs which have jumped from \$5,475,079 in 1944 to \$9,858,157 in 1948, necessitate the assistance from the state. More than 1,000 chiefs are attending the four day conference in New Orleans' Municipal Auditorium, representing all parts of the United States, as well as Puerto Rico, Panama and South America.

Detailing improvements which have followed the state aid, particularly in better fire service and working conditions for Ontario's firemen, Attorney-General Porter said:

"The grant to our six largest municipalities, each having a population of 70,000 or over, is at the rate of 10 per cent of their fire department costs and amounts to a total of about \$600,000. The grant to 30 cities with populations between 10,000 and 25,000 is at the rate of 20 per cent to a total of \$250,000. There are 45 municipalities with populations under 10,000. Most of these have volunteer fire departments. The grants are paid at the rate of 25 per cent, amounting to a total of \$300,000. To encourage the organization of new fire departments the province pays a further 10 per cent toward the cost of the first pump."

Before the state grants were effectuated, he said, no fire fighters had less than a 72-hour week and many fire fighters had as much as a 144 hour work week. There was one case, Mr. Porter reported, where fire fighters ostensibly were on a 48-hour week, but the members on the two off-shifts were called back to all fires. Chiefs almost invariably worked at least 144 hours a week and sometimes 168 hours, he said.

"Now only eight departments work a 72-hour week," Mr. Porter said. "The average week now worked by firemen in Ontario is 55 hours and 20 minutes. The average fourth-year man now receives \$2,757, compared with an average of under \$1,800 before."

In addition, he reported, the firemen now receive additional benefits — pensions and insurance.

"It is our belief," Mr. Porter concluded, "that this allocation of (Continued on page 3)

EDITORIALS**FEDERAL MEDICAL SERVICE PLAN**

Here in Canada, we have heard a great deal of talk during the last Federal election regarding the formation of a Federal Medical Services Plan, and its possible application to the medical profession on the one hand and the citizens of this country on the other. Such legislation, as far as we are able to ascertain is still in a very immature state, as seen by its absence on the recent Budget Speech at the opening of the present session of Parliament.

How efficiently such a programme would work in Canada is still questionable, but we are taking this opportunity of outlining the National Health Service Act of 1946, of Great Britain, from the Canadian Journal of Public Health —

"The National Health Service Act of 1946 integrated all preventative and curative health services in the country under the Ministry of Health. With some minor limitations, this Act provides to every citizen a complete health service, free from any payment or fee other than the periodic contributions to the overall insurance program. Included are family doctor service, complete hospital and specialist care, and an extensive range of public health services. The family doctor service assures the right of any doctor to remain in private practice outside the service, and remuneration and retirement pensions for doctors entering the service on the "appointed day". Specialist services are normally available to patients only on referral by their family doctor or by the physician attending them in hospital. Arrangements may be made for specialists to have some private patients in hospital. Local public health authorities are required to provide all the usual public health services and a number of new ones. Among these are health centres, where workers may have their offices and work as a group; insurance physicians, dentists, and public health home maternity, home nursing, and home maid services for the ill; ambulance services; and ante-natal and child health services include the free provision of essential foods and dietary supplements.

The School medical service has now become a part of the local health services under the National Health Service Act.

WE DON'T CARE WHAT THEY CALL IT

We, of the editorial staff of the Haliburton County News have been criticised as being adherents of a principle of government in which the control of the natural resources of the country are placed in the hands of those people elected to conduct the business of our country. This in place of allowing the control of these resources to remain under the jurisdiction of a few "private enterprisers" to make profit to the amount of which the buying public will stand.

In truth we are not so concerned with how much these enterprisers are able to accumulate in the way of worldly goods, but rather how much more would it be possible for the ordinary fellow on the street to increase his meager holdings of worldly possessions.

In keeping with such a thought we have applauded such "social" measures as Workmen's Compensation, Old Age Pensions, Mother's and Blind Allowances. We have advocated price control of manufactured goods, rentals and minimum wages to workers, we are anxiously awaiting the day that legislation is made instituting a National Health Scheme for all persons young and old, rich and poor throughout the entire breadth of our Canada. We also await such measures as Sickness Benefits to our people, federal and provincial aid to our young people in attaining the maximum of education that they prove themselves capable of absorbing. In short we support any measure which will give the "little people" who incidentally constitute about 95% of our population, a greater measure of security and well-being during the entire period of their term on this earth and within the boundaries of Canada.

It is of no great concern to us what group of politicians enact such legislation, whether it be Progressive-Conservative, Liberals, COF, Social Credit or what have you. The main object being that such legislation be passed and such benefits made available to the people of this country, not as a "vote catcher", but rather as a sincere and honest manifestation on the part of any government to go on record of having done something vital to aid our people in a truly humanitarian aspect.

We apparently are not alone in this desire to further the public good. We had great pleasure in reading a report from "Time" of September 19th, of a speech made by President Truman of the USA when he addressed an audience of farmers and steel workers recently at the Allegheny County Fair. We quote the following from "Time" — "The people

want public housing for low income families. The selfish interests think it will cut down on their own income so they call it "collectivism." The people want fair laws for labour. The selfish interests, mistakenly fear that their profits will be reduced, so they call it "statism." We don't care what they call it. The people want a fair program for the farmers, including an effective price support program. The selfish interests call this "socialism". We don't care what they call it.

The selfish interests don't know — they don't care — what these words mean. They are using these words only because they want to turn the American people against the programs which the people want, and need, and voted for. We can afford them, we ought to have them, and we will have them."

TRUE SPORTSMANSHIP MOST IMPORTANT

We have at hand a copy of the programme for the Haliburton County High School Sports Day. This event will be held this year in the Minden Exhibition Grounds on Wednesday October 5th and in the event of rain on October 12th at the same place. Contestants will be entered from the three High Schools in the County namely Kinmount, Minden and Haliburton.

The Sports Committee in charge of the meet have drawn up a splendid card of events, which will give every child an opportunity of competing in his or her special class. From 9.30 in the morning until 4.15 in the afternoon the children attending these schools will have the privilege of displaying their prowess in foot races, softball and volleyball contests, jumping contests, shot put, pole vaulting and throwing contests of softball and a rugby football. In all it looks like a splendid show and is deserving of every citizen's interest, both adult and child.

It is a very normal and constant incentive to the participants in such physical contests, that to "win" is all important. Such is the only criterion on which a winner can be judged. However the most vital and all important fact that should be instilled in the children in such events is that each contestant give his utmost in an attempt to be victorious over his mate or opponent. Also it is an early lesson to the growing mind that every one cannot be the winner, and there must of necessity be a second, a third and so on down to the poor unfortunate that is classified as an "also-ran." To the winner goes the laurels of victory, but every contestant in any event is victorious, if at the end of the contest he is able to say "I gave all I had, but it wasn't good enough."

If such a lesson can be taught to our young people the problems of adult life will be greatly simplified. Life itself is a contest. As individuals we compete against one another in the every day pattern of earning our livelihood, as communities we compete for example, against disease or nature, as may be seen in a public health effort to better our community, as a nation we compete in the world markets of trade with other nations in the world. If we learn in our youth that we all cannot be the winner, but we all can give the best we have, then much will have been accomplished to broaden ourselves with a respect for the other fellow's views, his religion, his social standards and his right to differ with the accepted standards of living, provided that he be tolerant of his neighbours beliefs and ideals.

DRIVING WITH SUSPENDED LICENSE

We hear almost continuously through the media of the radio and the newspapers, of police campaigns promoting safety in driving on our roads and highways in an attempt to reduce the large death and accident toll which each year becomes larger and larger. People generally speaking all react the same to such warnings and are deeply impressed by the warnings and accident toll, but almost without exception everyone decides subconsciously that "it couldn't happen to me."

Such warnings and acceptance of such warnings by the driving public is obviously not sufficient to curtail this loss of life and property, and in our opinion it is high time that our Traffic Laws be not only more rigidly enforced, but the penalties be made more severe. Most people strangely learn only by actual experience.

This was drawn very pointedly to our notice here in the County of Haliburton, when within a period of a week, our Provincial Officers laid charges against two persons of driving a motor vehicle during the time that their license was under suspension. In one of these instances the driver was involved in a serious accident in which there was \$1,500.00 worth of damage to the car. Fortunately no other vehicle was involved and no one was injured.

To our minds it would seem that if a man or woman has broken one traffic law to the extent of having his or her license suspended, surely it must be obvious that they are not impressed with the necessity of driving carefully. Certainly if they persist in driving with a license suspended, the one and only means of controlling them would be to take them out of circulation until they had learned their lesson.

LETTERS TO THE EDITOR

Haliburton Sept. 24 1949

The Editor —

I wish to thank all the men who were with me for their great effort in holding the big Snowdon fire from reaching the settlement's along the Lochlin/Donald road and the shores of Koshlong Lake.

Everyone who took part will easily understand the hard task of getting in supplies and drinking water to our area in the first few days.

The staff of the Lands & Forests is small and with half a dozen large fires on our hands at one time our men and equipment were extended to the limit. We did our best to see that no one went hungry and tried to have a blanket available when a tired man had to rest.

Fire fighting is a hard task at any time and all who saw the Snowdon fire will surely be careful with their cigarettes and campfires and also take quick action and notify us if smoke or fire is seen in any area.

We will be just as happy if it does turn out to be just fog or mist.

Thanks again boys,
(Sgd) Bill Sarginson
Deputy Chief Ranger

PASSED AWAY

HAZEL SWINSON

Friends and relatives were deeply grieved at the passing of Hazel Swinson, beloved wife of George Swinson on Thursday, Sept. 22nd. The late Mrs. Swinson died at her home in Lutterworth Township, at the age of fifty. Besides her husband she leaves to mourn her loss, nine children.

The funeral service was held at the Swinson home on Saturday by the Rev. E. A. Irwin, St. Paul's Church of England. Interment at the Kinmount Cemetery. The many floral tributes bespoke the high esteem by which she was held by her family and the community.

ARNOLD MINAKER CUTS FOOT BADLY

Arnold Minaker of Minden and employed at the International Co-orage Co at Eagle Lake, suffered a bad laceration of the left foot. He was treated at the Haliburton Red Cross Hospital and allowed to return to his home.

County Community Page

Many programs of expansion and alteration have taken place throughout Haliburton County in recent months as the merchants, ever alert to improving their shopping facilities, are keeping in step with the general trend of improvements . . . District residents are becoming more and more conscious of the advantage of shopping in their community, too. Not only is it convenient, but the quality of the merchandise available right here at home is the equal of that obtainable elsewhere. Anything and everything can be bought in this trading area where practically every phase of business life is represented . . . Community merchants take great pride in their community and endeavour to bring about all the improvements necessary to give their customers the best in shopping satisfaction, both as to merchandise and shopping service . . . "Shop locally" may be the slogan of the merchants, but it is much more than that. It is an invitation and a bit of wise counsel for the residents to patronize their merchants and at the same time to take advantage of the excellent services being offered close to home.

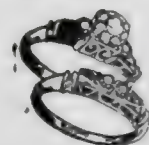

PRIZE WINNERS AT MINDEN FAIR

Minden Prize Winners
R. Phillips.
Towel any variety Mrs. J. Hewitt
Mrs. Roberts Mrs. Wellstood.
Quilt pieced cotton; Mrs. Wellstood, Mrs. R. Phillips, Mrs. J. Byers.

MUNICIPALITY
Anson, Hindon & Minden

BY-LAW NO. 88

That By-Law No. 88 being a By-Law for the purpose of stopping up and closing part of road allowance along East Shore of Twelve Mile Lake from the South boundary of side road at Twelve Mile Church through Lots 14 and 13, concession 11, to South boundary of lot 13, in the Township of Minden excepting where it is now used as Highway 35.

AND WHEREAS nobody will be prejudicially affected by closing of said road allowance.

THEREFORE The Municipal Council of the Municipality of Anson, Hindon and Minden enacts as follows:

THAT THE ROAD ALLOWANCE on East shore of Twelve Mile Lake beginning at South boundary of side road at Twelve Mile Church and running South along shore of Twelve Mile Lake through lots 14 and 13, in the 11th concession to South boundary of lot 13, concession 11, in the Township of Minden save and except where it is now used as Highway 35, be stopped and closed.

AND THAT the Reeve and Clerk of the Municipality of the Townships of Anson, Hindon and Minden are hereby empowered to lease or sell such portion of said road allowance from and after passing of this By-Law.

AND FURTHER take notice that before the final passing of said By-Law that the Council will hear in the village of Minden on November 10th, 1949 at the hour of 1.30 p.m. any person or his counsel, solicitor or agent who claims to be prejudicially affected by the said By-Law and who Applies to be heard.

WILBERFORCE

The first executive meeting of the Home and School for this year was held Monday evening, Sept. 17th in the home of Mr and Mrs Dettering.

We were very pleased to welcome to our group the new Principle, Mr. Burkeholder, Bachelor of Science in Education.

Business was started by a discussion on the possibility of starting a night school here; teaching a wide variety of subjects that would be a great benefit to everyone.

Greeting cards were distributed to be sold in an effort to buy radios for the schools.

We were pleased to learn thru an article read to us by Mr. Stevens, that our schools here are very well advanced in having modern equipment compared to other rural districts across Canada.

It was decided that our regular meeting be held on Tuesday, Oct 4th, as Thanksgiving comes on the regular date.

We are looking forward to a big attendance from our neighbors at Tory Hill and Essonville.

At the present date we have twenty two members and hope to increase this number considerably this coming year.

The Treasurer, Mrs. Floyd Tighe gave a favourable report which ended the meeting.

A delightful lunch was served by our hostess, Mrs. Dettering.

POLICE COURT

Magistrate A. E. Gee, of Lindsay, held morning court in Minden on Thursday last and the crown Mr. L. Jordan, was successful in obtaining convictions on all cases presented.

Dr. M. Ranney of Kinmount was convicted on a charge of operating a motor vehicle while his license was under suspension and having been involved in an accident during that time. He was fined \$75.00 and \$35.00 costs.

Melville James, of Uxbridge, was convicted on a charge of dangerous driving and was fined \$50.00 and costs of \$40.00.

Wilfred Wiseman of Toronto, a minor, was charged under the Liquor Control Act for purchasing liquor as a minor and was fined \$21.00 and costs.

'JOY RIDER' FINED
IN POLICE COURT

Roderick O'Connor of Hamilton, recently employed by the HEPC at Haliburton was arraigned before Magistrate A. E. Gee in Lindsay on Friday last. He appeared on a charge of theft of a Hydro Jeep from in front of the Community Hall in Haliburton. The charge of theft was reduced by his worship to one of 'joy-riding' without the owner's consent, was found guilty and sentenced to 2 mos. in the County jail. He also appeared on charges of dangerous driving and having liquor open in a place other than his residence. He was convicted on both counts and given the option of paying a fine of \$10. and \$17. costs for the former charge and \$10. and \$2.50 costs for the latter or one month in jail covering both counts.

SUSPENDED LICENSEE
AGAIN IN TROUBLE

While patrolling the Eagle Lake Highway on Sunday last Provincial Officer Ed Milligan of the Minden Detachment, noticed a car driving off the highway onto the new West Guilford cut minus a rear license plate. On overtaking the car it was found to be the vehicle of Everett Ellis and driven by him. The license plates had been suspended from this car and the driver's license suspended some two months ago following a conviction of drunken driving. Mr. Ellis was once again apprehended and charged with operating a motor vehicle with license under suspension.

Boston began instituting regulations for putting wires under ground more than 50 years ago.

Has Caste Removed

Beverley Hughie, 7 year old daughter of Mr and Mrs Harry Hughie of Wilberforce, attended at the doctor's in Haliburton last Saturday to have the caste removed from her arm. Her many friends in Wilberforce congratulate her.

Opening Debate At The Federal Parliament

The recent federal election fixed the pattern of the Canadian political parties for the next four years. But for an illuminating glimpse of what you may expect from these parties, consider the events of one day in the House of Commons — Monday, September 18th.

It was the first full day of debate in the new session. Preliminaries from the Speech of the Throne had been cleared away. All four party leaders — Drew, St. Laurent, Coldwell and Low, in that order — were to lead off in a debate which usually takes up four to six weeks.

Drew stated shortly after 3 p.m. Instead of his usual storm and bombast, there were however words. One would have had to hear it to believe it. Instead of the usual two hours or more, his speech fills less than five pages in Hansard.

What's the use of putting up a vigorous fight; the people have spoken; the Government has an overwhelming majority — that in effect was Mr. Drew's theme. He was so overwhelmed by the Liberal strength that, at least temporarily, he abdicated the traditional role of His Majesty's Loyal Opposition. He made no amendment to challenge either the Government's record, or its announced intention of doing nothing about so many urgent problems now facing the Canadian people.

When it comes to extraneous or dead issues, ranging all the way from the North Star Planes to Hong Kong, Mr. Drew was "on the march". Now, with the day-to-day responsibility of Leader of the Official Opposition as a critic of government policy, he virtually gives up. With the Liberal record on health, housing, farm markets, trade, social security, etc. all staring him in the face, he failed to challenge the Government on a single point.

So much for the Tories. With their ranks and morale both shattered, their failure merely set the stage for even more significant developments in the House.

Mr. Coldwell spoke and concluded with an amendment. It was clear cut, and to the point; name-

NOTICE TO CREDITORS

In the Estate of Martha Boldt

CREDITORS and others having claims against the estate of Martha Boldt, late of the Township of Snowdon in the Provisional County of Haliburton, Widow, are hereby notified, pursuant to R.S.O. 1937, Chapter 165, Section 51 and Amendments thereto, to send their fully certified statements of accounts to the undersigned on or before the Fifteenth day of October, 1949, after which date the executor will distribute the assets having regard only to the claims of which he then shall have notice.

Dated at Lindsay, this twelfth day of September, A.D. 1949.

Lindsay

This is important — at 12.05 midnight of October 2nd the Municipality of Anson, Hindon and Minden will return to Standard Time. This will also be effective in Dysart et al on the same date.

Taking things by and large it has been a pretty quiet week. Guess everyone attended the Lindsay Exhibition ... despite the nasty weather. From all reports it was a 'Good Show.'

Studebaker and Nash seem to be the first in the field with the 1950 models. You ought to take yourself into Ed Hunter's and take a gander at the new Land Cruiser. Quite something.

Rumor hath it that Reeve Ed Sedgwick of Minden will not be running for Council next year. In Dysart according to the talk, not one of its Councillors will seek re-election. Very funny and probably very unlikely.

The problem of what to do with

ly removal of the MEANS Test for old age pensioners. Every party program supports it. Tories and the Liberal M.P.s told their constituents less than three months ago that this was one issue which commanded their complete support.

Following Mr. Coldwell's amendment only one Tory spoke. No Liberal spoke. Stan Knowles, CCF member of Winnipeg, followed with a fighting speech on old age pensions and related welfare issues. Then, after less than three hours, a debate which usually goes on for weeks ended abruptly. The vote on the CCF amendment was called. Liberal and Tory members were presented with an early opportunity to fulfil a part of the progressive legislation they so freely and loudly promised in their pre-election addresses. But the party whips cracked, and the CCF amendment went down to a crushing 135 to 50 defeat. All of which means that government inspectors may still query old age pensioners as to the amount and extent of their bank accounts and property before granting old age pension.

Observers of all parties have stated since the election that the great Liberal majority will inevitably make for poor government; it's an unhealthy condition for any democracy. But the first week of the session revealed the situation to be even worse; Liberal promises on so urgent and shameful an item as the Means Test were just so much baste to catch votes. The CCF strategy and fight on this opening day of debate proved that. Now it seems obvious what may be expected from each of the major parties in the new parliament.

the Nursing Staff at the Outpost has been temporarily relieved, fortunately the Superintendent was able to rent accommodation from Mrs. Mabel Lyons for the two nurses, Miss Bomar and Miss Walker.

A keen interest in the Athletic meet that the Kinmount, Minden and Haliburton High Schools are having on the 12th is being shown by all students, as well as parents. This sort of thing is all to the good and should certainly pave the way for some real inter-collegiate sports when the High School Board gets around to building the new school.

According to Frank Andison, Sec. Treas. of the Haliburton Br. of The Canadian Legion, the special train which the Legion sponsored to provide a means of transportation to youngsters and others to the Lindsay Exhibition was a moderate success. A fine crowd left the Haliburton Station but there were relatively few pickups at the various stops on the way down. This might account for the fact that the Legion actually did not make any money out of the special but the many who did avail themselves of the opportunity of travelling by train were grateful. The Legion served a need to the community and is to be commended in this regard. Speaking of the Legion ... the planning of an Armistice Parade and the molding of a Poppy Day will be the business at the next meeting.

Clint Melville was up to Haliburton recently and he and Bob Bishop, president of the Ski Club went over the Club's property and planned new runs. Work on these new trails will begin next week. We understand a general meeting is to be called in the near future.

WILBERFORCE

The first executive meeting of the Wilberforce Home and School was held Monday evening, Sept. 19th at the home of Mr and Mrs Dettering. We were very pleased to welcome to our group the new principal, Mr. Burkholder, Bachelor of Science in education. Business was started by a discussion on the possibility of starting a night school here, teaching a wide variety of subjects that would be a benefit to everyone. Greeting cards were distributed to be sold in an effort to buy radios for the schools. We were pleased to have through an article read to us by Mr. Stevens that our schools here are very well advanced in having modern equipment compared to other rural districts across Canada. It was decided that our regular meeting be held Tuesday, Oct. 4 as Thanksgiving comes on the usual date. We are looking forward to a large attendance from our neighbors at Tory Hill and Essonville. At the present date we have twenty two members and hope to increase this number considerably this coming year. The treasurer gave a favourable report which ended the meeting. A delightful lunch was served by our hostess, Mrs. Dettering.

INGOLDSBY

Members of the Lochlin and Ingoldsby Men's Club don't forget the Club Social on Monday, Oct. 3 at the home of Mr and Mrs Wallace Wagg. A very cordial invitation is extended to each and every member (or new members) and his wife or lady friend, as the case may be. Bring along your deck of cards.

Thursday, September 29th 1949

Haliburton County News Page

CAR FALLS 20 FEET LANDS ON 4 WHEELS

Provincial Officer Al Edwards of Minden was called on Saturday last to investigate an accident 2 miles north of Kinmount on the Kinmount-Minden Highway. On arrival at the scene he found a passenger vehicle standing on its four wheels at the bottom of a deep 20 foot embankment. The car, driven by John Silvers of Kinmount had hit the soft shoulder on the east side of the road and was unable to bring it back onto the hard road surface. Guard rails at the point went down like five pins before the car rolled over and down the ditch, after making a complete revolution it came to rest on its four wheels. The three other occupants of the car were uninjured and only slight damage was done to the car. No charge was laid.

H. S. HIGHLIGHTS

This has been an exceedingly busy week at the High School, with everyone trying to get in shape for the large Track and Field meet to be held at the Minden Exhibition Grounds, Wed. Oct. 5th. Statuettes and prize winning ribbons will be given as awards. Following is a list of events for the day —

BOYS, 100 yard Dash — Jr. Int. and Senior.

GIRLS, 75 yd. dash — Jr. Int. Sr. BOYS, ½ mile race, Jr. Int. Sr. BOYS 220 yd. ace Jr.

GIRLS, 100 yd. race — Jr Int. Sr. VOLLEY BALL — Girls

SOFTBALL game, boys, 5 inning

BOYS, ½ mile Relay (open)

GIRLS, ¼ mile (open)

BOYS, softball (5 innings)

GIRLS, Volley ball

BOYS, hop, step & jump, Jr. Int. and Senior

GIRLS, Hop, step & jump, Jr Int. and Senior.

BOYS, running high jump, Jr. Int. and Senior.

GIRLS, Running high jump, Jr. Int. and Senior.

BOYS — Running Broad Jump Jr., Int. and Senior

GIRLS — Running Broad Jump Jr., Int. and Senior

BOYS, Pole Vault, Jr., Int. Sr.

BOYS, 8 lb. Shot Put, Jr. Int. Sr.

GIRLS, 8 lb. Shot Put, Jr Int Sr.

BOYS, Soft Ball Throw (open)

BOYS Forwar pass (rugby ball) (open).

GIRLS: soft ball throw: Jr Int. and Senior.

BOYS: Soft Ball Game (5 inn)

GIRLS: Volley Ball Game.

Program starts at 9 a.m. Wednesday October 5th at Minden Exhibition Grounds. If weather does not permit meet will be held Oct. 12th).

JUNIOR is a student under 15 on November 1st, 1949.

INTERMEDIATE is a student under 17 on November 1st 1949.

SENIOR is a student under 19 on November 1st, 1949.

A small fee of 15c will be charged adults (2 for 25c). Proceeds will be used to buy Athletic equipment.

Next week the students will be electing a President and Student Council. The first formers are looking forward to this with great enthusiasm as it will mean Initiation Day is coming along soon.

Second form students are also patiently waiting to have a hand in the "Penalty paying" dept. They don't seem to be able to wait to avenge themselves for last year Initiation Day.

In the near future we expect to have a day or a night set aside for Commencement. The parents will be invited to attend and we shall have a guest speaker. Principal Thayer will present senior and intermediate students with their certificates.

Last Saturday saw a great many

students from High School and Public school off to the Lindsay Exhibition on the special train sponsored by the Legion. Most of them returned tired but happy, content to wait until next year for another good time.

Of prominent interest in Room A is the aquarium which contains many water animals, including a hair snake. Many students including Seniors had never heard of or seen a snake of this specimen before. It is very, very small in diameter and resembles a long strand of hair; thus it's name.

Following are the names of the students new to our school and to whom we extend a most hearty welcome —

Betty Hodgson, Gary Watt, Shirley Whittaker, Ruth Curry; Dawn Miller; Dorothy Potts; Allen Sipe Lois Parish; Norma Sarginson; Ronald Petrini; Billy Rinne; Barbara Davies; Garnet Kellett; Beatrice Daniel; Teddy Roberts; Janet Woodcock; Jean Sproat; Harold Whittaker; Richard Holland and Pauline Williams, all from Haliburton Public School.

Following are names of students attending Upper School classes — Barbara Loucks, Phyllis Dawson, John Irwin, from Minden. Marie Archer from Carnarvon, Inese Jakobson from Oldenburg, Germany; Barbara Sisson from West Guilford; Janis Bumbulis Margaret Hodgson; Joan Roberts; Aila Rinne; Keith Howe; Curry Bishop; and Murray Woodcock all of Haliburton.

GRADE XI from other schools — Phyllis Newbatt, Grace Forbes; Jack Roberts; Ray Morrison; Marilyn Sisson; Beverley Anderson; Shirley Dawber; Murray Fry; Myrna Fry; Ken Ploure; Glen Hall; Don Feir; Ken Sibley.

GRADE X — Allan Dawber; Sidney Cooper; Doug Titus; Shirley Cooper; Mavis Sisson.

GRADE XI — Bryan Sedgwick; Gwendolyne Varcz; Marion Sims.

GRADE XII — Jean Webb.

...

TOUGH LUCK —

A Scotsman had just won a new car in a raffle but far from being elated, he seemed decidedly glum. "What's the matter, Jock?" asked a friend.

"Mon", he replied, "tis this other ticket. Why I ever bought it, I canna imagine."

PERSONALS

Mr. Andre Lapin, ARCA, of Toronto spent the week end at the home of Mr. Frank Welch. While visiting in Minden this great Canadian painter completed a very fine water colour of the Maple Lake Church.

Sonny Smeaton and Curry Bishop were visitors to the Lindsay Fair on Friday.

INGOLDSBY

On Friday evening, 9th Sept., friends and neighbors gathered at the home of Mr and Mrs Fred Hicks to offer congratulations on their 25th wedding anniversary. The many guests thoroughly enjoyed the dancing and the refreshments that followed. Many beautiful and useful gifts were presented to Mr and Mrs Hicks. We join everyone in wishing them many more useful and happy years of married life.

The home of Mr and Mrs G. A. Crofts was the setting for a reception on Saturday evening, Sept. 10th in honour of the marriage of their son Grant to Miss Eileen Clarke of Toronto.

Dancing provided ample entertainment for all until the stroke of midnight, at which time a delectable luncheon was served, crowned with a piece to each guest of the wedding cake. Friends and relatives of both bride and groom came from as far as Toronto and Richmond Hill to attend the reception. A wide variety of lovely gifts were received by the newlyweds and will be most useful as they set up housekeeping in our community.

We wish Eileen a very hearty welcome to our community and congratulate Grant, and wish them both many many years of health, happiness and prosperity.

We welcome back to our community Mr and Mrs Harry Burk and family. They are living in Harry's original home on Robert Burk's farm.

We are sorry to record that Mrs A. C. Loucks is far from well. She is staying at the home of her son Vinton and was visited over the week end by her sons Morgan and Mervin, and her daughter Medeline.

Mr Ron Harrison and Albert and Orie Loucks have left to at-

Thursday, September 29th 1949

PERSONALS

Mrs. M. R. Nicol and her mother Mrs. John Ure spent a few days last week in Hamilton at the home of Mr and Mrs Oscar Yarnold.

Mrs. Mae Macarthur and her daughter Betty are spending a few days holiday with relatives in Western Ontario. They plan to send a few days at St. Thomas, London and Windsor.

Send Toronto University. We wish them the best of luck and a successful year.

A number of ladies, members of the W.A. attended a dinner and lecture at Sherwood Forest Camp Carnarvon on Friday last. The speaker, a Mrs. Clage, is a widely travelled and interesting lecturer and presented a very interesting talk.

The Hydro camp near Allsaw is the centre of considerable interest. Some local men have found employment there and rumor has it that the project will take two years to complete.

In case you hadn't noticed, we might draw your attention to the "face-lifting" the cemetery has received with a new fence along the front.

DONALD
& KOSHLONG LAKE

Mr and Mrs Evan Shaw cele-
 brated their fifth wedding anniver-
 sary on Saturday, Sept. 24th. A
 number of relatives and friends
 joined them in making the party
 a success. A delicious buffet supper
 was served.

Mr and Mrs Geo. Eayers of Tor-
 onto are spending their honeymoon
 on Hall's Island.

Mr Jack Fleming and daughter
 Jane spent the week end at the
 'Fair Haven' cottage.

Mr and Mrs E Burke of Langford
 Mills visited Mrs. Burke's sister,
 Mrs E Schellenberg in Donald.

Dr and Mrs Camplon of Toronto
 are spending their vacation at
 Camp Lagakelo.

Miss Joan Heathcote is visiting
 her uncle and aunt, Mr and Mrs
 J. E. Emmerson at Red Haven,
 Koshlong Lake.

Mrs E Dempsey and son James
 had Mr and Mrs Harvie of Strat-
 ford as their week end guests at
 Barr "r" N. Koshlong Lake.

GELERT

We welcome to our community
 Mr and Mrs E M Giffin of Mimico,
 Ont. who have taken up residence
 in the house south of the village.
 May their stay among us be pleas-
 ant.

Mr. Richard Peacock's home is
 nearing completion. Here's good
 luck to Mr and Mrs Peacock as
 they take up the old job of home
 making.

Mr Frank Hamilton and son
 Robert are handling the square
 and hammer in erecting a hand-
 some addition to their dwelling in
 the village.

Mrs Archie Walker, who has
 been ill for some time from a heart
 prostration is reported showly re-
 covering but has not yet regained
 sufficient strength to resume her
 home duties and is still living
 with her mother, Mrs. L. Francis.

Mr W. F. Sedgwick, who was af-
 flicted with a stroke some weeks
 since has staged enough comeback
 to sit up for a while His daughter
 Mrs John Hope of British Colum-
 bia arrived recently to visit him.

PERSONALS

Miss Susan Chapman of St.
 Joseph's Academy spent the week
 end at her home in Haliburton.

Mr. Ben Walling of Haliburton
 attended the Lindsay Fair on Fri-
 day last.

Mr and Mrs Bill Sholer and daugh-
 ter Doreen and son Grenville,
 all of Haliburton were visitors in
 Lindsay last week attending the
 Lindsay Fair.

Mr. Archie Schrader, who has
 been in charge of the CNR section
 at the Dutch line has been moved
 to that position at Gelert. We
 extend to him and his family our
 best wishes.

Mr. A. Gilliam, who has been ill
 at his home for some time, was
 rushed to Toronto for special
 treatment this week. Mr. Gilliam's
 many friends in the village of Hal-
 burton and district will be dis-
 tressed to learn of his relapse.

funds directly to fire department
 costs will bring further benefit in
 the way of greater efficiency and
 standardization to municipal fire
 departments throughout the Prov-
 ince."

Since 1876, except during the
 war years and bad depressions,
 Canada has imported from the Un-
 ited States, \$48,976,553 each year.

Modern Egyptian mothers be-
 lieve that an evil eye accounts for
 any sickly appearance in their bab-
 ies.

Mrs. Shopalot — Can you alter
 this dress to fit me?

Salesman — Certainly not. That
 isn't done anymore. You will have
 to be altered to fit the dress.

Leave all results with God. You
 are not always digging up the

seeds in your garden to see how
 they are growing. Trust all to
 God, and he will bless your work.
